SUBJECT: CALIFORNIA 9-1-1 EMERGENCY COMMUNICATIONS DIVISION FUNDING

On October 21, 2011 a letter was sent from CALNENA to the 9-1-1 County Coordinators and all Public Safety Answering Point Managers regarding a concern that the California 9-1-1 Emergency Communications Division (CA9-1-1 Division) is denying reimbursement for 9-1-1 projects and services. The "CALNENA Blast" distribution subject line also stated "State Reimbursement Moratorium". The CA9-1-1 Division has not initiated a State Emergency Telephone Number Account (SETNA) fund reimbursement moratorium; all reimbursement requests submitted to the CA9-1-1 Division are being reviewed and approved/denied through the normal process.

The CA9-1-1 Division is the conservator of the SETNA funds, and as the conservator, it is our responsibility to review all requests for reimbursement and ensure that the reimbursements are an appropriate use of public funds.

If there are any changes to the reimbursement process, official communications will be sent to all stakeholders from the CA9-1-1 Division. If you have any questions or need additional clarification please contact me at (916) 657-9494.

Thank you,
